Fluence Chair

The new shape of happiness

With its broader back, adjustable lumbar support and a contoured seat, the Fluence offers extraordinary comfort. It's contoured outer frame gives a close body-hugging fit that is suitable for dynamic seating; a must for workplace health and happiness. The new shape of happiness is not just skin deep.

Fluence in seating

A designer's dream come true, Fluence offers such a large variety finishes, it can enter any theme seamlessly. Its fluidic design and curvaceous elegance at the same time is unbelievable.

Ergonomically resolved by design

Anthropometric data is proof enough to know that seating needs to be designed specifically for the region. India has long awaited a new standard in seating comfort. After a great deal of in-house research and collaboration with our international team, we have come up with an ideal solution that's elegant, cost effective and can be accessorised and personalised beautifully.

Lower back yoga The adjustable PU foam support is firm enough for the right push. At the same time soft enough for allowing movement. The lumbar can be pushed to the bottom to switch off/disconnect the support.

A Happy mix of flexibility and variety

A number of options to choose from to express your style. Mesh colours, seat colours and lumbar support; you decide how you want to configure your Fluence.

S-Curve Dynamics

Disclaimer :

Natural Variation in colour and structure of raw material for fabrics / paints / laminates, makes it impossible to guarantee that the final shades will match perfectly in every case. Minor discrepancies in the colour of the goods supplied, subsequent or supplementary items cannot therefore be recorded as justification for any claim to replacement. Batch to batch variations in shade / colour matching may occur within commercial tolerances. Since different classes of paints are required for MDF and metal items, perfect shade matching cannot be guaranteed. We would however endeavour to attain as close a match as possible.
